DON JACKSON . . . Business Manager

Elation surges within us
as the ball is carried across the goal line
by a Trojan player.
We scream our approval.
This is Trojan spirit.
We spring to our feet to chant "Hallabaloo,"
frantically, half-hysterically, in pep assembly.
The field house rings with our ecstasy.
This, too, is Trojan spirit.
But Trojan spirit is more than this.

It is that constriction within our throats
as we sing the "Alma Mater,"
those tears that spring involuntarily to our eyes
as we pledge our loyalty to our school in song.
It is that strange, inexpressible feeling of sadness
that permeates the mind and soul
when we think of graduation.
Trojan spirit is the loyalty that is always with us,
that never lets us forget our school —
the mystic cord that binds us together as Trojans.
It is the life and soul of this school,
an intangible something
that breathes the breath of life into these empty walls
and makes them live.
Trojan spirit cannot really be defined,
but it is here and it is palpable.
It speaks from the pages of this book.

# HSHS Campus includes three buildings this year

**Hot Springs High School** welcomes the beginning of spring.

**Recent addition to HSHS is Lee School.** Trudging to Lee in fair weather or foul gives students a preview of college campus life.

**Field House** is setting of basketball games and assemblies.

# Because you mean so much to us . . .

**Miss Burmer Bryan**

**Miss Bryan** finds outdoor exercise invigorating. Mowing her lawn is only one of many chores she enjoys doing about her house.

Our problems have been your problems — mathematical or personal. Throughout the years which you have unselfishly dedicated to the education of young people, your students have come to depend on your help. We have found you sincere in your work; patient, kind, and understanding in helping us; and generous in devoting your time to us. It is for these attributes that we love you and regard you as a most special person. With deep respect and admiration we dedicate to you, Miss Burmer Bryan, the 1962 *Old Gold Book*.

# For whom the bell tolls . . .

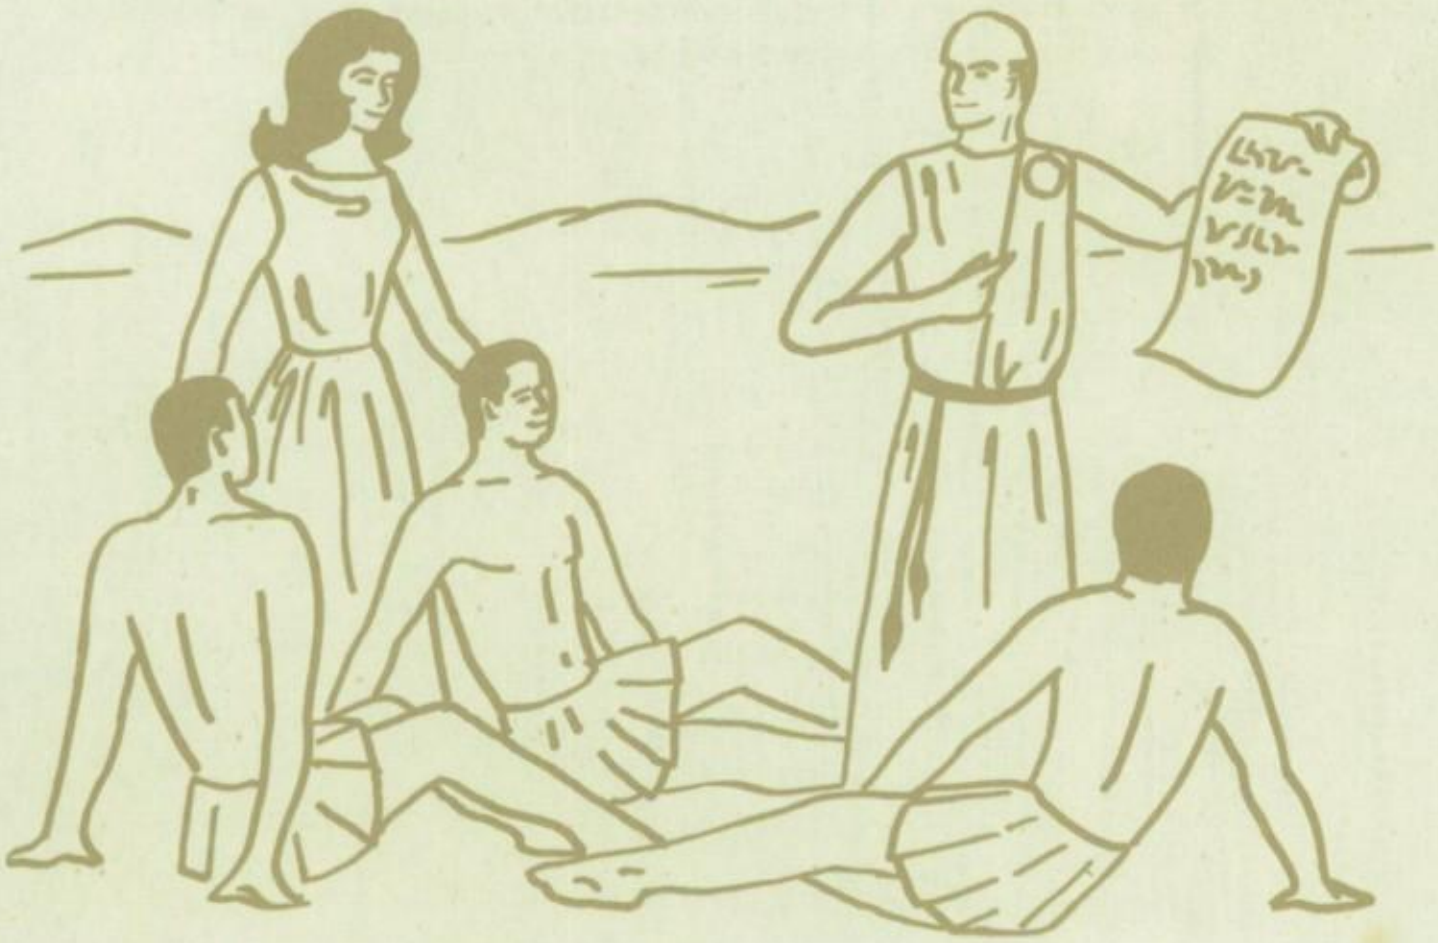
Mrs. Curtis Hovell

*"No man is an island entire of itself . . . . Any man's death diminishes me."*

These words of the poet John Donne express our grief and sense of loss at the passing of Mrs. Hovell and Miss Jones. We and our school are diminished by the loss of these we had come to respect, admire, and love. We miss them.

Miss Louise Jones

# STUDY



Study is an essential part of our school life. It seems the bane of some, but for others it is the means of satisfying an avid curiosity. For the inquisitive mind of the student, study is a richly rewarding experience.

In the classroom, where most of our study is done, we pursue knowledge through the media of textbooks, laboratory experiments, and class discussions. Outside the classroom, we find additional material: television, radio, libraries, and nature itself are good sources of information.

Through study we grow in mental stature and in appreciation of the values of life.

# "Congress" of the Hot Springs School System

Just as our nation depends upon its Congress, so the Hot Springs school system depends upon its Board of Education. This board is composed of five men and one woman, who are outstanding leaders in our community. They are elected by the citizens of Hot Springs for a term of three years.

The board constantly strives to formulate the best possible plans for the welfare of the students and to provide policies that will best benefit them in the continually advancing field of education. Notable examples of their work to improve Hot Springs High are the addition of the new library and of Lee School to its properties.

# Superintendent--the man leading our school

*Variety* is the word that best describes the activities of Dr. Hugh L. Mills, our superintendent. In an average working day, we might find him visiting one of the schools in our system, conferring with someone about a personal or a professional problem, or making plans to improve our present school system.

Plans of particular interest to us include the building of private rooms in Hot Springs so that a pupil may study by himself without being disturbed and eventually the building of a new senior high school. This would be a campus-type school covering about thirty-five acres.

When Dr. Mills is not working he is devoting his time to his family which includes his wife and four children, or enjoying a good book or a game of golf.

**Sunny holidays** lure Dr. Mills outdoors with his golf clubs.

**Terry Humble, M.A.**
Principal

# Our principal--leader, counselor, and friend

As everything in nature must have some type of organization, so too must our high school. The man whose job it is to provide this organization is Mr. Terry Humble, our principal. His duties include the assignment of teachers to their classrooms and the active supervision of the teaching program.

Mr. Humble believes that a high school is a good school only when it is a happy one. In order to make the atmosphere of Hot Springs High more cheerful, he has initiated many decorative changes around the school, such as the repainting of many of the classrooms and the landscaping of the school grounds.

In his spare time Mr. Humble relaxes with his wife and daughter, works around his house, and builds articles for his personal use by means of his hobby, woodworking.

**An amateur gardener,** Mr. Humble is making sure that his shrubs will grow.

# Busy hum of activity emanates from the office

Selling football tickets, checking students in and out, keeping records, and answering an endless stream of questions are just a few of the varied duties of our office staff. They come early and stay late, and through their efforts our school runs smoothly and efficiently.

Heading the office staff, is Mrs. Mackey, whose broad experience is an invaluable aid. As director of student activities, she takes an intense interest in every phase of student life. Her contributions range from leading cheers in pep assembly and attending every game, foul or fair weather, to chaperoning delegations to Beta Club and Student Council conventions. Our cultural and social life is enriched through her efforts.

**Office assistants give at least one hour** each day to help students and faculty.

**College Entrance Exams** are explained to Carolyn Bailey and Kathy Beck by Mrs. Homard.

What courses should I take? What career should I choose? What college should I attend? Questions like these can be heard in the guidance office almost any hour of the day. And Mrs. Homard and Mrs. Irons are there to answer them, calm and collected midst all the turmoil.

They give invaluable aid to us, assisting in planning our schedules, arranging for us to take College Entrance Exams and other standardized tests, and helping us to solve our personal problems.

**Books are a girl's best friend,** especially when themes or reports are due.

Reading set to music? Why, certainly! Classical and semiclassical selections are broadcast from FM stations to our library. These are believed to have a quieting effect on the students and provide a perfect background for good reading.

During the summer the girls' bare-rattered gym blossomed into an inviting library. Cool refreshing colors in the room, luxuriant green ferns, and newly-decorated chairs create an ideal atmosphere for quiet reading.

This new location has originated many changes. There are private reading areas, a work room and office for the library assistants, and more space for readers. The books have been rearranged for the readers' convenience.

Attractive bulletin boards, which feature current new books, add to the pleasant, friendly atmosphere that permeates the library.

# study the fundamentals of composition and literature

"Whan that Aprille with his shoures soote." Can this be English? This line from Chaucer's "Prologue" to the *Canterbury Tales* makes us conscious of changes our language has undergone in the past centuries.

English has recently reached into new fields of learning. In compliance with this trend, HSHS is one of the nine pilot schools in the state testing and evaluating a curriculum guide being developed by the Arkansas Council of Teachers of English.

English students explore fundamentals of grammar and composition and fascinating fields of literature in alternating semesters. Spelling and accelerated reading classes are among the other programs of progress initiated this year.

**"Bubba" Payton** and Paul Meeks prove their points with a Spanish dictionary.

A new world built by the use of an old and colorful language greets the students enrolling in one of three Spanish courses. In these classes, a student finds that learning the language is made easy by the use of films, records, original stories, and jokes. The student also finds that while learning the language of Spain and Latin America, he also meets the people that live in these countries and studies their histories and their customs.

With South America proving to be the most bountiful of the new frontiers of our world today, it is important that the United States be on friendly terms with these countries. Communication is essential. For this reason Spanish is playing an increasingly important role in our lives.

# Veni, vidi, vici--linguam Romanorum antiquorum

Languages of today are an accumulation of those spoken or written in the past. Through the years changes have evolved, and many languages have originated from one primary source. As a basis for many modern languages today, HSHS offers Latin.

Beginning students find declensions and conjugations new and different, while second-year students enjoy the stories of Roman and Greek mythology. Third- and fourth-year students discover that Virgil's *Aeneid* is the work of a great master.

Puzzles and maps increase the interest of students who participate in Latin classes.

# Speech and dramatics develop confidence and poise

"Speech," wrote Thomas Mann in *The Magic Mountain,* "is civilization itself." The ability to speak well can offer career advancement regardless of the field chosen and is worth many thousands of dollars in increased earning power.

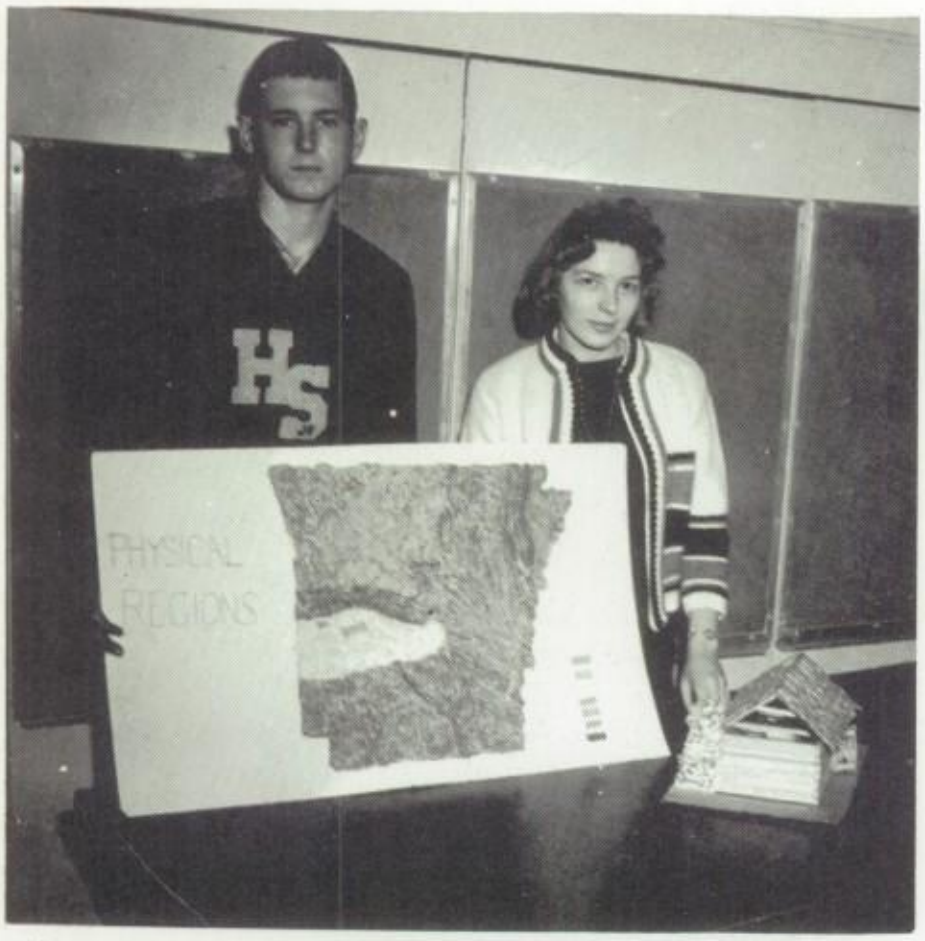
In business it is vital to have a command of language. Impromptu and prepared talks in our speech classes increase self-confidence as well as facility in the use of words.

A tape recorder is a great boon in a speech class. It enables students to hear the way they sound to others and to make the necessary improvement.

Drama classes, too, study speech techniques, or the fundamentals of public speaking. In addition they learn make-up, its application, and costuming. These talents are put to use in the Junior and Senior Class plays.

**Hair styling,** a part of dramatics training, is practiced by Brenda Murphy on likely victim, Earline Currier.

**Semester exams** in speech class consisted of recorded speeches. Darlene Harris and Jane Russell practice on the tape recorder.



**Arkansas history** teaches the topography, history, and government of our state. Carolyn Bailey and Marty Cane display their projects.

"Know the world you live in" could well be the motto of our history, government, and geography classes. History classes study the problems of past and present so that we may deal more wisely with future crises. Government classes consider the workings of our state and national governments. Geography students become familiar with the topography of our world. Field trips taken throughout the year make all the classes more interesting and informative.

"Know thyself" is the motto of psychology students, and in applying it we are preparing ourselves for today's complex world. Interesting guests spoke to the classes on varied subjects throughout the year, and we studied behavior patterns by observing the antics of a class favorite, a turtle called Sy Coe.

Applied mathematics

Mathematics has often been called the "Queen of the Sciences" because it is important in the work of every science. Mathematics is even more important in our daily lives.

Most mathematics students in Hot Springs High study first- and second-year algebra and plane geometry. In algebra classes they study fundamental algebraic operations and solve equations; in plane geometry they learn to reason effectively. These three subjects provide a foundation for students who enroll in advanced math, in which course they learn the basic operations of trigonometry and analytic geometry.

Applied math and higher arithmetic apply mathematics to everyday problems. Students learn to solve tax problems, to balance budgets, to figure interest, and to solve many other practical problems.

In mechanical drawing the students strive for perfection in their lettering, scale drawings, and house-planning. Originality, neatness, and concentration are prime requisites. These traits may be seen in the students' drawings as a result of long hours of tedious work.

# Science progresse

Today's students are confronted with unsolved mysteries and opportunities for research in the world of science. HSHS endeavors to teach the fundamentals of science with its offerings of biology, chemistry, and physics.

The life processes of plants and animals are observed and studied by our biology students. Beginners in chemistry discover that a laboratory can become the birthplace of new products. The basic chemical principles and problems are stressed while a broad foundation of scientific knowledge is being acquired.

With the recent advancement in the study of matter and energy and the changes they undergo, physics has increased in importance. Students enrolled in these classes delve into the secrets of the atom and its composition.

All phases of scientific study are progressing gradually into the unknown of the future.

With one sweep of her magic wand, the fairy godmother readied Cinderella for the ball. Present-day magic wands take the shapes of bobby pins, rollers, and manicuring tools. The future fairy godmothers are students in the cosmetology classes, which are held at Hot Springs Beauty College.

Preparation for their feats of magic consists of one hundred hours of actual work, as well as study in textbooks. When the course is ended, the girls take a state board examination, and all who pass will be fully qualified to begin their work with our modern-day Cinderellas.

*"We may live without friends,*
*We may lie without books,*
*But civilized men cannot live*
*Without cooks."*

Every girl knows the way to a man's heart is through food! The heavenly aroma that escapes from the home economics room assures us that the die is cast for some fortunate men.

But a girl must please his eyes as well as his stomach. Clothing for all occasions is studied and made. At the end of the year, a style show is given, in which all the girls display their creations.

After she "gets her man," a girl must work hard to keep him. Good grooming, etiquette, money management, and interior decoration are just a few skills taught to make the girl a jewel in any home.

The sound of music can be heard in the halls of HSHS at almost any hour of the day. The Troubadours, girls chosen for their exceptional vocal ability, meet second period. Third period, harmony students compose melodies while the boys' quartets harmonize. Girls' choruses meet during the fourth and fifth periods, and sixth period is devoted to the boys' chorus.

The Traveling Trojan Chorus, composed of the Troubadours and the boys' chorus, sings at various engagements throughout the year, including the Lions Minstrel. The entire Trojan Chorus presents the Candlelight Service at Christmas and, later on, one of the highlights of the year, the Spring Concert.

Equally harmonious sounds emanate from the band room, where band members prepare for their big event of the year — the Band Variety Show.

During first period the entire ninety-piece Trojan Band meets. Third period is devoted to two special groups. The Pep Band provides music for pep assemblies, pep rallies and football games. Another group, known as the Stardusters, performs at dances and other special occasions throughout the year. The entire Trojan Band marches in numerous parades. This year it was again host to the State Band Festival.

# Boys' PE develops strong bodies and alert minds

**Ricky Brennes plays** "king of the mountain," but Ray Owen and Kenny Faye seem to be getting the worst of it.

**Boys' gym is not all work;** there's plenty of time for play.

Sore muscles and aching backs may at first seem to be all that a boy may benefit from physical education, but soon the soreness is worked out and the fun begins.

In keeping with President Kennedy's physical fitness program, the students learn the importance of teamwork and good sportsmanship in such sports as basketball, dodgeball, and football. They also are instructed in wrestling, tumbling, weightlifting, and modern exercises. These build strong bodies and quick minds, which are so important today.

As soon as the girls learn the correct manner of playing, the fun begins. Tournaments give them a chance to use their skills.

# Future auto mechanics receive expert training

Keeping the busses rolling is the concern of the auto mechanics class. The boys, armed with wrenches, jacks, and other weapons of the trade, go to the Gorge and use our school busses as their "targets."

Some of these boys may be our mechanics in the future, but whether or not they choose this profession, they will certainly be satisfied car owners and versatile men around the house.

If anyone should take away the printing department from our school, confusion would soon set in. For we depend on it for thousands of report cards, honor certificates, absentee slips, referral slips, programs, tickets, posters, and countless other material, all of which perform important services for our school system. The print shop is also responsible for the printing of the *Torchlight* and the student directory, both of which help keep students in contact with one another.

Through actual work the students learn the fundamentals of regular presswork, Linotype operation, page make-up, and offset printing, as well as the proper care and use of machines. This instruction proves valuable to the students who seek to follow their vocation in the printing field.

**Intricacies of the Linotype machine** puzzle Fletcher Ward.

**erchandise Manuals** are scanned by Buddy Muldoon, Eileen Douglas, nd George Hawthorne. These manuals were prepared in connection with study of sales techniques.

Since knowledge is useless it can be applied, the thirty-six juniors and seniors who constitute the DE class go out into the work-a-day world five afternoons a week and put to use all they have learned in the classroom. This study includes such subjects as human relations, salesmanship, and advertising display, plus electives in English and American history.

The most important qualification required of DE students is good citizenship, as they will represent our school in the business world.

An added attraction is that the students are able to earn money of their own. This year the students worked a total of 32,208 hours, and their earnings totaled $25,524.56.

The DE department is proud of the fact that whereas its program was once considered a terminal one, today a large percentage of its students plan to go on to college.

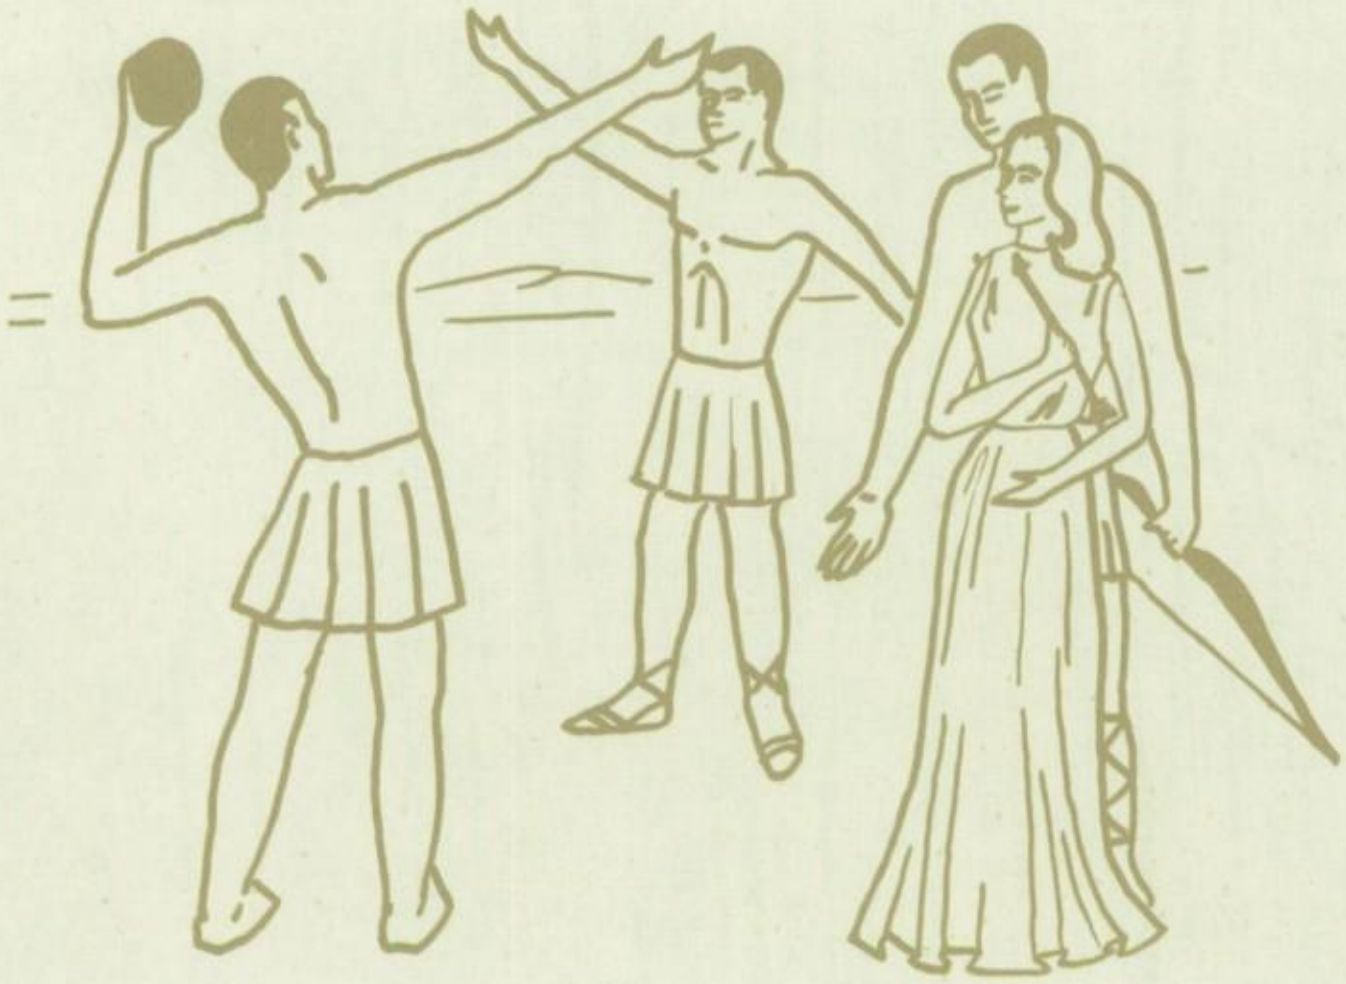
Then the letter must be typed. The long struggle to meet the requirement of 30 words per minute seems distant as the pages glide off the typewriter.

Soon the pungent odor of duplicating fluid no longer nauseates as it becomes a part of the students' everyday work in office practice. Bookkeeping secrets of balance sheets, trial balances, and profit and loss statements no longer are mysteries.

Alumni of the commercial department become the business workers of tomorrow.

# FUN



Fun this year meant different things to different people. For one it was the Prom, for another the Class Play. The big moment of another student's year came with that award received in assembly. For still another, it was a date with that special someone.

Other events — Homecoming, the Candlelight Service, the Spring Concert, the Band Variety Show — left cherished remembrances with us. These were the high lights of our year. These are our memories.

Queens for a day! And what a day! The afternoon assembly was filled with suspense and anticipation as the royal court made their entrance. Trojan colors, gold and black, mingled with the Wildcat colors, blue and white, to provide a perfect setting.

After assembly, new convertibles chauffeured our royalty through town. Although rain threatened the parade, the court arrived at their destination only slightly damp.

The evening ceremony was even more elaborate. Dressed in robes of white and black, the queens stepped onto the field accompanied by roaring applause. Beautifully decorated thrones gave the court full view of the game.

Afterwards the queens and maids were honored at the annual homecoming dance, this year sponsored by the Beta Club. The royalty dance and specialty numbers provided entertainment. The final dance gave a royal finish for a royal day.

**Jim Milholen,** voted the Most Valuabe Player by his teammates, receives from Coach Haynie a football autographed by players and coaches.

Each year, after the football season is over, the Civitan Club sponsors a banquet for the members of the Trojan football team. At this banquet an outstanding member in the field of sports is the special speaker. The highlight of the evening comes when an award is presented to the Trojan who has been selected as the most valuable player by his teammates.

At the end of the season the school rewards the lettermen for their long hours and hard work by presenting jackets, sweaters, trophies, and blankets to them. The first-year lettermen receive also a special award, which is the honor of having the "Trojan T" cut into their hair.

**Second- and third-year lettermen:** Tony Meeks, Frank Jones, Ken Jones, James Dodd, Jim Milholen, Don Crone, Bill Elliott.

**Gigantic bonfire** creates excitement at pep rally.

**Cheerleaders** are "up-in-the-air" over Trojans.

"Hallabaloo!" yells the crowd. Voices and feelings run high as Mrs. Mackey, the Pep Band, and the Cheerleaders lead the traditional yell at enthusiastic pep rallies and assemblies boosting our Trojans.

As the band begins to play "Dixie" or the "Alma Mater," the entire crowd rises to its feet showing its support of HSHS and demonstrating true "Trojan Spirit."

**King Pep, Frank Lucy,** enjoys cheering our Trojans to victory.

# Basketball lettermen get sweaters and blankets

When the wars of the basketball season have ceased, the Trojan players are rewarded with sweaters, trophies, and blankets. These awards represent the many long hours of work and the tremendous effort which the Trojan players exerted throughout the season.

To become eligible for a varsity letter, a player must play in at least half of the total quarters played by the team throughout this season. With all this work and time exerted, is there any wonder at the great amount of pride with which the basketball players exhibit their awards?

**Senior lettermen:** Tommy Dorre, Tommy Powers, Tommy White, Henry Hill, and James Dodd.

**Junior lettermen:** Don Little, Bill Walker, John Beebe, Jim Cosgrove, Bubba Payton, and Bobby Herring.

# Delayed Basketball Homecoming turns out to be exciting

**Trojan Queen Janet Ann Brown and her royal court:** sophomore maid, Dixie Terrell! junior maid, Patsy Tarvin; senior maid, Nancy Hurst; senior maid, Vicki Saunders; junior maid, Tempa Poindexter; and sophomore maid, Judy Brown.

**Bauxite Queen Pat Clark and her royal court:** sophomore maid, Judy Schaefer; junior maid, Billie Ann Roberts; senior maid, Kay Clark; Kay Newsom; junior maid, Roxanne Kempner, and sophomore maid Mauria Jackson.

# and thrilling event of enthusiastic season

· A roll of drums! And an expectant hush fell over the large audience gathered to see the homecoming game between the Trojans and the Bauxite Miners. It was the signal for the presentation of the 1961-62 Basketball Homecoming Royalty to begin.

Slowly, one by one, the maids, wearing white skirts and sweaters and carrying flower scepters, advanced onto the floor. A burst of applause signaled the entrance of the Bauxite Queen, clad in Bauxite colors, black and white. A tremendous roar greeted the 1961-62 Trojan Queen, wearing the traditional black and gold, and accompanied her in her triumphal march across the field house floor.

When the queens had assumed their places of honor, each was crowned with a kiss by her escort and presented a beautiful bouquet of mums. This completed the impressive ceremonies.

At half-time the T-Steppers entertained the queens and their royal courts with a specialty number. The royalty also had the immense satisfaction of presiding over a grand Trojan victory.

# Varied assemblies include choral presentations

**Rear Admiral Becton,** an alumnus of our school, was a special guest at one of our assemblies. He stressed the importance of a good high school education.

**American Legion representative** presents flag to Jimmy Walker in assembly. Each classroom received a flag.

**Terry Reese entertains their majesties,** the King and Queen of Hearts, in Valentine Day assembly.

**Shoremen** — DeWitt Bowling, Larry Land, and Paul Diedrich are called back for an encore.

# ing along", whistling concert, NHS initiation

A long bell was the signal for a rush to the field house, where students settled down to enjoy an entertaining assembly.

Assemblies were varied this year. They ranged from a Christmas "sing-along" to a whistling concert. They included the impressive National Honor Society initiation and performances by two college choirs and an orchestra. Educational assemblies on fire prevention and safe driving were presented. And of course there were the usual entertaining variety shows.

Rotating assemblies were introduced this year. Such an arrangement made longer and better assemblies possible.

**Diana Jucas,** Vera Joe Cook, and Martha Miller add the finishing touches to Mr. Coe's door, first-place winner in the secular division.

**"Dormez Les Paix** (Sleep in peace)" reads the inscription on Mrs. Moenster's door. Charlene McMoran, Pat Newton, Zelda Standiford, and Jack Voorhies are proud that their door won first place in the religious division.

# of doors and baskets, impressive ceremonies

"It is more blessed to give than to receive." The annual Thanksgiving, Christmas, and Easter assemblies impressed this upon our hearts.

The homeroom participation on Thanksgiving filled the stage in assembly with overloaded baskets of food. Cleverly decorated, the baskets resembled Pilgrims, turkeys, Indians, and cornucopias. Competition for the best-decorated basket increased student enthusiasm. "Grandma's Thanksgiving," sung by the Troubadours and an inspiring talk about our blessings left everyone in a thankful mood.

As the Christmas season began at HSHS, music and singing sounded through the halls. For this festive time of year, doors were decorated in religious and secular themes. Group singing led by Santa and his reindeer filled the annual assembly with gaiety and laughter.

In a more serious vein, the Candlelight Service had special inspiration for every listener. The sweet voices of angels emphasized the religious theme of our Christmas season.

**Stephanos comforts Rhoda,** while Sarah, Simon Peter, and **Marcellus** also offer encouragement.

Marcellus, an exiled Roman officer, was ordered to crucify an innocent Galilean. Later, he won the Galilean's Robe in a dice game. He was persuaded to put on the robe at a banquet, and thereafter he was an obsessed man, haunted by thoughts of what he had done. Eventually he accepted the Galilean as divine and in so doing condemned his young wife and himself to death.

# Senior Class presents deeply moving drama—THE ROBE

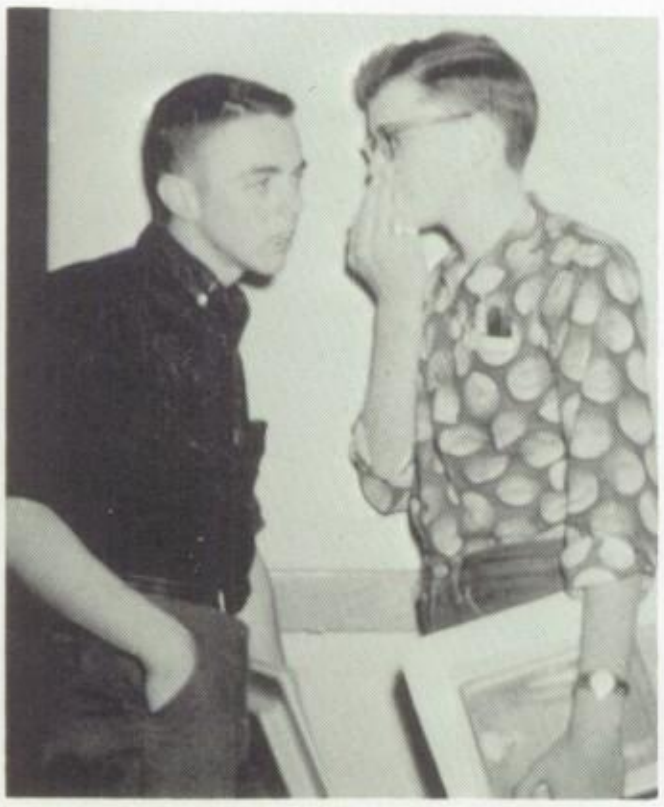
**Roman aristocrats,** guests at the emporer's sumptuous banquet, witness condemnation of Marcellus for his failure to recant.

# Special weeks and days—Twirp Week, Civic Week

**Admiring students** exchange compliments on Dress-up Day.

During a school year many special days and weeks add spice to our daily routines. Among these are Twirp Week, Dress-up Day, and Color Day. This year the Student Council sponsored two Twirp (The-Woman-Is-Requested-to-Pay) Weeks, instead of the usual one. This resulted in several of the girls' being left penniless.

Homecoming was also Color Day. Every Trojan supporter was "decked out" in black and gold in order to back his team. Dress-up Day saw HSHS looking its very best.



**Do Billy Smith and Ronnie Payton have a secret?** No, it's Whisper Day.

**Sharon Brewer** gives Don Little the full treatment during Twirp Week.

**Nella Cooley** and Judy Ford are taking Library Week seriously.

# Color Day, Dress-Up Day—are spice of school life

**Clean-up Day can be very tiring** when you have a dirty locker. Jerry McCrory has a big job ahead.

**Old Glory** rises swiftly and triumphantly as students stand at respectful attention on Color Day.

**Apple-polishing?** No., Richard Courtney is presenting flowers to Mrs. Sweeney on Teacher Appreciation Day.

**Special test days** are numerous at HSHS. Here, Mrs. Homard distributes college entrance exams.

**Mrs. Housley's home room** enjoy breakfast given them by P.-T.A. as reward for having first 100 per cent P.-T.A. membership.

Parents got a taste of climbing stairs, trudging to Lee, and getting to class on time on Parents' Night. This event, sponsored by the P.-T.A. during National Education Week, gave parents an idea of the daily routine of their students. It also gave them an opportunity to meet their children's teachers and to discuss their progress in school.

The occasion was enjoyed by parents and teachers alike and proved to be an enlightening experience, especially for the parents.

# Annual SA Day brings relief to tired teachers

How different school life is when the student views it from the other side of the teacher's desk! Those who participate in Student Adminstration Day discover this quickly.

On this unusual day, sponsored by the DE Club, students become the teachers of their fellow classmates, and the teachers receive a day of rest. Students also take over the administration and fill positions on the Board of Education.

When the day is over, these student teachers are more than ready to resign from their positions, to return to their regular routine as students, and to leave the teaching to the teachers.

**How would you like to be Mr. Humble for a day?** Jimmy Walker enjoys the opportunity.

**David Lee performs his duties** as a school board member as he bombards applicant Jane Pearcy with questions.

# Vigorous and colorful campaigns precede SC election

**Our Student Council officers for 1962-63** will be Don Little, vice-president; Bill Walker, president; Phil Jamison, treasurer; Frank McMillin, secretary.

**Sandra Causey gives Bill Wilson** a "subtle" hint on whom to vote for as secretary.

Bright and early, Student Council candidates and their campaign managers arrived at school, each anxious to put up the first poster. By noon the walls, ceilings, and steps were plastered with clever and comical pleas for votes.

Vigorous and colorful campaigns were carried on. Many candidates experienced cases of nerves on the day campaign speeches were given. Afterwards, everyone anxiously awaited the election. With the final choice of the student body, all returned to normal.

**Keen spirit of competition** prevails during the election, but welfare of the school is the main concern.

**Girls' Staters:** (front row) Doris Bryant, Johnnie Reppo, Phyllis Akins, Liz Clinton, Jane Poole; (second row) Cheryl Freeman, Sue Smitherman, Margaret Moenster, Emily Smith; (third row) Nancy Hurst, Carolyn Cox, Linda Burrow, Betty Woodcock.

**Junior Fire Marshals:** (kneeling) Bob Lacy, Mike Crowe, Ronnie Payton; (standing) Jimmy Walker, David Dierks, Tony Meeks, David Chitwood, Paul Meeks.

The civic clubs of Hot Springs honor several students each year by making them junior members for a month. These clubs include B. and P. W., Rotarians, Lions, and Civitans.

Several organizations also sponsor delegates to Girls' and Boys' States, where the workings of government are observed in actual practice.

Junior Fire Marshals are chosen each year. These boys work in connection with our city fire department.

**Junior Rotarians:** (front row) Johnny Rather, Jimmy Walker, Dick Morris, Don Miller; (second row) John Dempsey, Tony Meeks, Tom Callahan, Bill Bundy, Richard Kallsnick.

**Mixing chemicals is "old-hat"** to Mary Lou Harper, winner of the Bausch and Lombe Science Award.

**Richard Browne** presents Phil Jamison and Kenny Maschmeyer the Sophomore Cup awarded to the most outstanding member of the class. He and Phyllis Akins jointly won the cup in 1960.

**Initiation to National Honor Society** is always an impressive ceremony.

# ecognize service, leadership, and scholarship

**National Merit Semifinalist for 1962-62** are Jimmy Walker, Douglas Henderson, Johnnie Reppo, Mary Lou Harper, and Brian Gaskill.

**The Stardusters' award,** won for being the best dance band in the state, is presented to our school on their behalf by Mr. Spurlin. It is accepted by Mr. Humble.

Various coveted awards are presented each year in recognition of the outstanding service, leadership, and scholarship of some of our students. The Elks and D. A. R. Citizenship Awards are presented to seniors displaying exceptional citizenship and leadership.

The Bausch and Lombe Science Award is presented to the superior science student of the year, and nomination for National Council of Teachers of English Awards recognizes ability in the field of writing and literary appreciation.

The Sophomore Cup is presented to the outstanding sophomore or sophomores, and the National Honor Society recognizes remarkable achievement when it takes in new members.

**This year's D. A. R. Good Citizen** is Carolyn Cox.

**Winning first place** in ad planning and copy writing, speech, projects, and marketing research enabled local DE chapter to be named Outstanding DE Chapter of the State. Larry Flowers, Marie Turner, Bill Scully, and Sue Harris are proud of their trophies. The chapter later won second place in the nation.

**"Let's twist again!"** The roaring 20's and the soaring 60's join forces to make the most memorable dance of the year.

"I could have danced all night was the sentiment expressed by many students as they left any one of the many dances of the year. A dance was always a popular way of ending a football or basketball game.

Special dances were also given during the year. Notable among these were the Sadie Hawkins Dance, the Roaring 20's versus the Twisting 60's, and the King and Queen of Hearts Dance.

As the clock struck eleven, students and their dates reluctantly left, eagerly awaiting the next dance.

# Dances provide perfect endings for games

**The Shoremen** a popular quartet, provides the entertainment for the Homecoming Dance.

**Noon-time dances** with music by the Stardusters provide an interesting break in school routine.

**Who-o-o-o-o** doesn't remember the subtle reminder of the Halloween dance?

# and special dances during the year celebrate holidays

**Football Homecoming** is always an inspiration for one of the most colorful dances of the year.

**Waiting** for the **Robert E. Lee,** the rising curtain, and fun . . .

"Ya know, Rastus, I'm teachin' ma wife how to drive. The other day the brakes failed just as we was goin' down a big hill."

"What'd ya do, Sambo?"

"I yelled, 'Brace yaself, woman, and try to hit somethin' cheap!' "

Each year the Traveling Trojan Chorus and Lions don blackface and curly wigs for the worthy project of buying glasses for needy children of the community. Claps, slaps, singing, and jokes complete the atmosphere of fun.

**Making up** is half the fun of the Lions Minstrel.

**"Vas is das here?"** The German Band of course!

# Seventeenth Band Variety Show is sparkling success

Singing, dancing, and music of every kind made the Band Variety Show an event to remember. Under the direction of Mr. Virgil Spurlin, the grade school band, the junior high bands, and the Trojan Band collaborated to present a sparkling, entertaining program.

This year marked the seventeenth anniversary of the Band Variety Show. Talent from Hot Springs schools and guest artists from neighboring schools appeared in the show.

**Pat Clark** emcees the first half of the Band Variety Show.

**Carolyn Cox** is emcee for the second half.

**One of the biggest hits** of the show is the Sophomore Quartet. Members are David Dunham, Dorman Brizendine, Jack Voorhies, and Rodney McWilliams.

**JCL members** experience busy days before the state convention, preparing campaign posters and pre-registration packets.

**Jan Bryant,** Susan Rainwater, and Zelda Standiford leave for F.T.A. convention in Little Rock, where Jan was elected state treasurer.

# Conventions mean new ideas and new experiences

Conventions mean fun and new experiences, HSHS students agree. Hosting such annual events as the Chorus Festival and Band Festival was special fun. Then, of course, there were the usual out-of-town conventions – FHA, FTA, JCL, NHS.

Highlights of the year, convention-wise, were the Student Council Convention, held in Amarillo, Texas, this year, and Beta Club Convention. Meeting new people, attending workshops, and exchanging ideas were only a few of the many things that made this year's conventions so enjoyable.

**"Gaebale, here we come!"** Eager seniors prepare to "take a look around" at the University. Almost every week there is an exodus of seniors to various campuses.

**Trojan Band** prepares to depart on another of its many trips taken throughout the year.

**Seniors, food, and Lance's** just naturally go together!

A mad scramble follows the 11:45 bell and marks the beginning of the lunch period. Any vacant spot — the cafeteria, Lance's, a sidewalk, a parked car — is good enough for the hungry students of HSHS.

For the next forty-five minutes food and gossip reign supreme as students relax from their studies — that is, the more fortunate students. Others may be found cramming for a fourth period exam or writing that book report due next period.

As the five minute warning bell sounds, a rush to the lockers ensues. Then students, their hunger temporarily abated, proceed to class and more studying.

# Eating is favorite pastime of HSHS students

**More and more people eat** in the cafeteria every day.

**Mrs. Virginia Lewis**
Director of Cafeterias

**Our cafeteria** serves good hot lunches.

**Joe Rogers seems resigned to his fate** as James Dodd applies himself to the task of cutting a first-year letterman's "T" on the top of his head.

**Band members turn out** in pep squad uniforms to boost enthusiasm for Powder Puff football game that never materialized.

# Many ingredients make up HSHS atmosphere

School life is hectic, but we wouldn't miss it for the world. *Rush, rush, rush* seems to be the key word. A leisurely meal or a free week end is a rarity. Play rehearsals, chorus practices, and *Old Gold Book* deadlines have priority.

And of course, hanging over the banisters and sitting together on the stairs are important on any school day.

At night, it's back to school for a game, a dance, a hayride, or to paint SENIORS across the sidewalk, only to paint it out the next day.

This is all a part of our school life, and we love it.

**On pretty spring days** the walls are lined at noon.

**Building sets** for the Senior Class play is a good way to spend a Saturday, these amateur carpenters agree.

**Shepherds for the Candlelight Service** come in all shapes and forms. Johnnie Reppo sits patiently as Brenda McClard applies the finishing touches to her beard.

**Candy canes** are a welcome treat at P.-T.A.-sponsored breakfast.

# vorking, playing, staying late for practices

**"All of these for me?"** Tom Powers and Tony Meeks are amused at Phyllis' disbelief.

**Lunch bell is** signal for dash to cafeteria.

**Jimmy takes care** of a last minute adjustment.

**"O-o-o-o-h they smell so good!"** The roses are a gift for Queen "Margie" from the student body.

**Paul and Emily** seem a little wary of the steps and the long formal, but they made it!

"Presenting the 1961-1962 King and Queen of Hearts!" The standing ovation that followed proved that Margi and Roger truly had won the hearts of our student body as their election had already shown.

The crowning of the royalty before the traditional huge valentine again brought cheers. Special festivities in their honor included the King and Queen of Hearts assembly and the special Valentine dance.

# King and Queen of Hearts capture hearts of school

**The gorgeous girl** in the chair is none other than our band director, Mr. Spurlin.

**Mrs. Browne and Mr. Ballard** are "having a ball" at the joint party of their classes. Did you notice Mrs. Browne's hat?

**Music fills the air** whenever Mr. Root's around.

**Always loyal to the Trojans,** Mrs. Mackey attended every football game. She's as much a part of our games as our beloved "Hallabaloo."

**Mrs. Moenster tried psychology to no avail.** "But whenever food was the reward, Maxie learned fast!"

# re recreation, relaxation, and resuscitation

Teachers are not all books, chalk dust, and homework! They know that all work and no play would make them dull; so even though they are dignified and precise during the school day, when the three-thirty bell rings, they "let their hair down."

Our teachers have many varied interests — family, church work, hobbies ranging from the collection of rocks and fish to boat building, flying, and parties. Many of them enjoy sports such as swimming and water skiing.

**One of Miss Warneke's little-known talents** is the cutting of hair. According to Mrs. Homard, she does a great job.

# New styles and fads are popular with HSHS students

**Teasing the hair** is a "necessary evil" for today's hair styles. Marty looks confident. She's preparing a masterpiece, but Shelta wonders whether it's worthwhile or not.

**The things girls have to do to be beautiful!** David Ruiz is amazed at the beauty practice of curling eyelashes.

Students of HSHS are always ready to try something new. Teased hair and bows, short skirts, and long-sleeved blouses — all are necessary for the "little-girl look" which reigns all over the country. Our school is no exception.

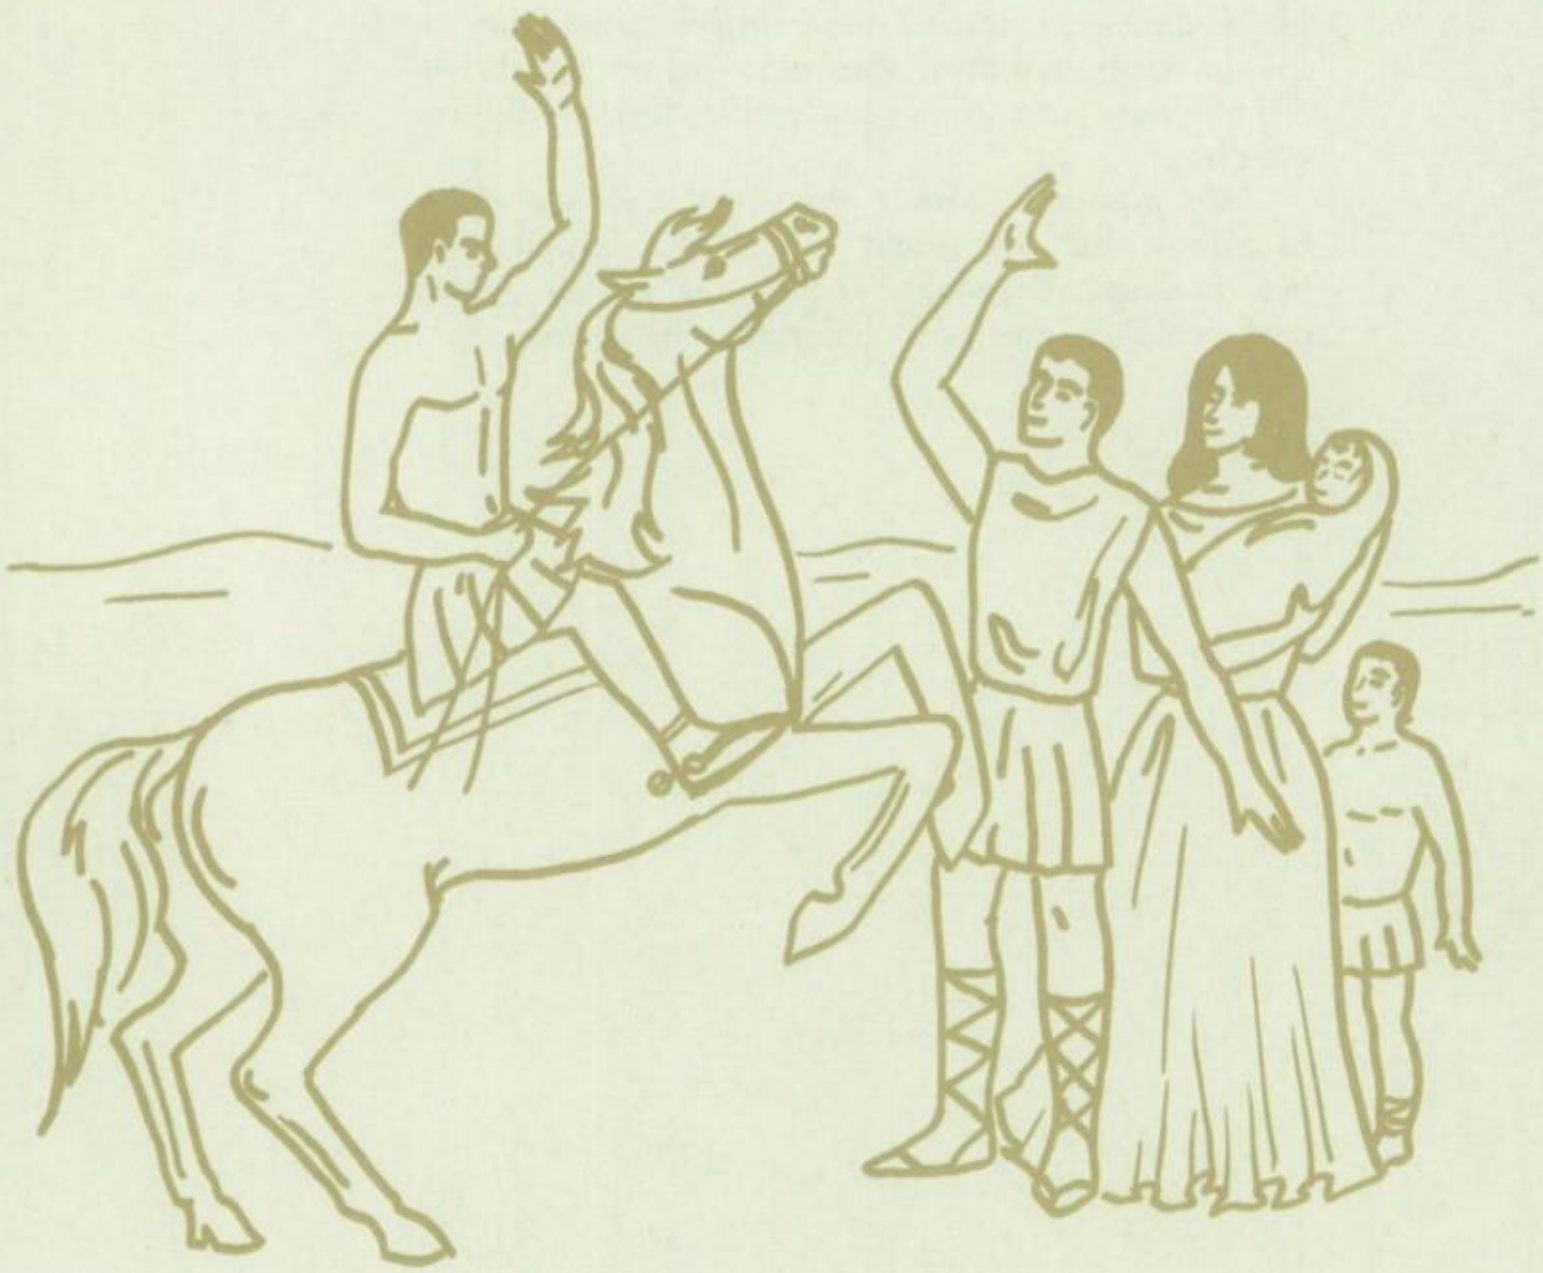
Every rainy day, the boys emerge all decked out in hunting clothes. On other days, though, suits or casuals are the rule.

Of course, suspenders are worn by both boys and girls. Dirty-white "tennie pumps" are still in vogue.

**Dirty-white "tennie pumps"** are the rule of school dress.

**Shirley Hensley** and John Hoffman are wearing the ever popular suspenders. Don Crone conceals his with an attractive hunting suit.

# Groups



Clubs add variety to our school life. Through them we make friends; we serve our school and fellow students; we learn the art of working together for the good of the entire group.

Our school groups occupy much of our spare time. Attending committee meetings, decorating for a dance or some other festivity, working on special club projects, participating in sports — all of these are time consuming but vastly rewarding.

We complain about the work but are quick to admit that we would not think of giving up the feeling of belonging, of taking an active part, which comes with belonging to a group.

# NHS—service, character, leadership, scholarship

Service, character, leadership, scholarship — these are prerequisites for membership in the National Honor Society. Each spring five per cent of the junior class and ten per cent of the senior class are "tapped" for membership in the honorary society. Membership in this organization is one of the highest honors one may attain while in high school.

Publishing the student directory is the biggest project of the National Honor Society. Decorating the auditorium for the Candlelight Service, planning the Easter and Thanksgiving assemblies, and distributing Thanksgiving baskets to the needy are other undertakings of this group.

Throughout the year the Student Council sponsors assemblies and many other activities, including Civic Week, Football and Basketball Homecomings, Christmas activities, King and Queen of Hearts election and ceremonies, and Twirp Week.

This year the Student Council formed an Americanism Committee and, as always, in many ways stressed appreciation of the American way of life.

Whenever any event of interest or importance is occurring around this school, a *Torchlight* reporter is sure to be on the scene. These inquisitive members of the staff of our school paper are everywhere. From deadline to deadline they rush about, gathering information on every subject from fashions to sports, from special assemblies to classroom activities. In addition to articles the paper always has editorials and clever features, such as "Clublicity," as well as interesting bits of gossip.

Writing news articles and features is not the only work to be done in preparation for the next edition. Dummies must be made, pictures taken, and ads sold before the paper can be printed.

It is then up to the printing staff to see that the articles are set up in type, put into a form, and placed on the presses – all done in time to meet the next deadline of the *Torchlight*.

# Anchor Club sponors many worth–while projects

Under the sponsorship of the Pilot Club, the Anchor Club provides an opportunity for high school girls to develop leadership qualities and to grow into adulthood by serving their community.

"Santa's Castle", the Anchor Club's float in the annual Christmas Parade, won fourth place. The girls also acted as parade marshals for this event. During tne Arkansas Amateur Golf Tournament the members of the Anchor Club served as scorekeepers. The members also "stuffed" 15,000 envelopes for the March of Dimes, campaigned for the Heart and United Funds, and sold bread in the Bread Sale. Besides this, they found the time for a gala party at Buena Vista.

**Sara Willcox, treasurer;** Miss Martha Litchfield, social sponsor; Mrs. Jim McKenzie, Pilot Club sponsor; Phyllis Akins, parliamentarian; Jo Ellen Wix, secretary; Betsy Reader, vice-president; Ada Glenn, president, enjoy a party at Buena Vista.

# Key Club encourages interest in community service

"Would you like to buy a Trojan sticker?" asked many a member of the Key Club this year. The selling of these stickers was the principal money-raising project of the club.

Ushering for the Miss Arkansas Pageant, chopping Christmas trees for the Candlelight Service, and sponsoring Dad's Night during football season also were enterprises of the Key Club. The members helped with the March of Dimes and furnished a Valentine box for the school.

Each week two boys attended the meeting of the Kiwanis Club, which sponsors the Key Club. Of course, there were the usual enjoyable parties and hayrides, giving the members of the Key Club fun while serving their school and community.

**Officers of Key Club** are Tommy Powers, president; Paul Meeks, vice-president; Richard Browne, secretary; Tommy Dorre, treasurer; Jerry Pyron, sergeant-at-arms; Tommy Callahan, reporter.

# Career Club promotes leadership through service

What career will you choose? The Career Club has helped many members make their decisions. At meetings, speakers from all walks of life discuss this problem with the girls.

High scholastic average, good character, leadership, and initiative are the bases on which junior and senior members are chosen.

With their motto "Success Through Service" in mind, the girls undertook such projects as sponsoring a dance for the Heart Fund, working for the United Fund, a car wash, a float in the Christmas parade, cake sales, and concessions at the "Dizzy Dames Show" given by the Career Club sponsor, the Downtown Business and Professional Women.

**Wearing bunny ears** for Easter Fund collection are (front row) Dr. Elaine Lancaster, sponsor; Sue Smitherman, recording secretary; Barbara Tackett, parliamentarian; (back row) Cecilia Phillips, chaplain; Glenda Darnell, corresponding secretary; Charlene McMoran, treasurer; Miss Lonnie Warneke, sponsor; Zelda Standiford, vice-president; and Nancy Hurst, president.

**Penguins, dolls, tin soldiers** emphasize theme of Christmas float — "Christmas in Toyland."

# Mu Alpha Theta sponsors Sadie Hawkins Twirp Dance

During its four years of organization, Mu Alpha Theta has become a very important club in our school. Activities of the club include the Sadie Hawkins Dance, which highlights Twirp Week, and the raising of funds for a math scholarship.

Members of Mu Alpha Theta are students who have had at least five semesters of math and have maintained a *B* average.

Major purposes of the club are to encourage greater interest in mathematics and to develop sound scholarship in the subject.

Walking robots and musical bottles — these are just a few of the projects which can be seen at the annual Science Fair sponsored by Bio Chem Phy.

Other activities in which the club members participate include conducting cake sales, sponsoring dances, and selling bumper stickers which read, "I Gave a Dollar for a Scholar." The purpose in raising money is to sponsor a scholarship for a senior interested in science.

The members of Bio Chem Phy are students who have had at least five semesters of science.

**All aboard!** Sue Smitherman, treasurer; David Lee, vice-president; Linda Burrow, president; Mrs. Moenster, sponsor; and Margaret Moenster, secretary, leave for Beta Club convention and a week end of fun.

Beta Club stands for achievement, leadership, and character. These qualities plus a *B* average and the principal's approval are necessary for membership. In accordance with these standards the Beta Club awards the home room having the highest scholastic average for a six-week period the banner of achievement.

# Latin lives today in the hearts of JCL members

Junior Classical League, better known as the JCL, promotes Latin in HSHS. Students from all Latin classes are eligible for membership in both the local and the state organizations.

JCL activities began in the fall with the traditional initiation. This year a "hep" version of Mt. Olympus was the setting. Third-and fourth-year students reigned as gods and goddesses.

JCL sponsored a "Roaring Twenties" dance, a Valentine banquet, and cake sales.

As the school year closed, the JCL ended its activities by attending the state convention, which was held at Malvern. Hot Springs was chosen to preside over the registration. Delegates in authenic Roman costumes attended the convention.

**Rock 'n Roll** has hit Mt. Olympus. Bill Walker entertains the gods and goddesses with his imitation of that swinging mortal, Elvis Presley.

# Les Elites and Spanish Clubs study romance languages

This year the Spanish classes have combined their individual clubs to form the Spanish Club. Meetings provide a varied study of the culture and people of Latin America. Records, puzzles, and current Spanish magazines create further interest in the club.

*Les Elites* translated means "the select ones." To support their title, members have inaugurated many changes in the French department. A newly painted room, a beautiful mural of a Paris scene, and a selection of French records have been provided.

"Toward New Horizons" is the motto of one of the school's most active clubs, the FHA. The avowed purpose of the members of this club is to strive for a better and stronger America through the home.

One semester of home economics is required for membership in the club, which boasts of about seventy-five members this year. Three degrees — the Junior Degree, the Chapter Degree, and the State Degree — are offered to members. To earn one of these degrees, a member must have made a significant contribution toward the improvement of her chapter, home, school, or community.

FHA members enjoy weiner roasts and picnics throughout the year, and they attend the District and State Federation meetings. This year the FHA honored its members and their mothers with a banquet at the end of the year.

Although the popular opinion is greasepaint, brilliant stage lights, and thundrous applause, it takes work to be a Thespian. To qualify, a student must have ten quality points which may be obtained on or off stage in school plays. Then numerous months of study of voice and make-up are necessary.

Thespians take time out for fun though. The annual children's play, given for the grade schools, and the Senior Thespian Banquet are just a few of the high lights.

FTA members were very active this year. They undertook various money-raising projects, including selling Trojan pennants and bracelets and sponsoring cake sales. In the spring, delegates were sent to the state FTA convention, where state officers were elected and ways of improving local clubs were discussed. This year FTA again sponsored the Valentine's Day Sweetheart Dance.

# Graphic Arts Club promotes interest in printing

Many interesting activities marked the second year of the Graphic Arts Club. This club, whose purpose is to interest its members in printing as a vocation, consists of approximately fourteen members. Meetings are held twice a month in the *Torchlight* room.

During the year Graphic Arts Club toured the *Sentinel-Record* and *New Era* offices. In the spring, club members visited Arkansas State College at Jonesboro. The extensive equipment of the college's excellent printing department was of special interest to club members.

**Members:** William High, Johnny Corder, Marty Cain, Ernest Chambers, Sidney Cockrell, Fletcher Ward, Jimmy Jones.

Members of the Distributive Education Club attend school by the vocational plan of classes in the morning and jobs in the afternoon. Each month they meet socially.

Every year the DE club sponsors Student Administration Day, when students try their hands at "running" the school. As a special project this year, a week-long study on self-improvement was conducted. Local businessmen and women presented tips on personality, personal appearance, and health. In addition the DE club sponsored a style show for the student body.

# events, presents concert, and marches in parades

1,2,3 – strike up the Band! This is a familiar phrase in our school, since we have four different bands.

The Trojan Concert Band is one of the best in the state. Its Christmas program, Band Variety Show, and the annual Band-Award Assembly are always eagerly awaited. In the spring, of course, our band acts as host for the State Band Festival.

The Pep Band is the lively group. It is always ready to support our cheerleaders and our athletes.

The Stardusters is the dance band. It plays for all special occasions such as the King and Queen of Hearts assembly and both homecoming assemblies.

Last, but not least, is the German Band. Of course, musical knowledge and ability are necessary for all the bands; but membership in the German Band requires also "interesting" knees.

# Band Key Club sponsors annual Band Variety Show

Bronze, silver, or gold keys, signifying membership in Band Key Club, are worn with pride by members of this organization. Only juniors and seniors are eligible for membership, and much hard work and many performances are required.

The purpose of Band Key Club is to promote better social relations among the members of the band. It sponsors various projects during the year, including the annual Band Variety Show. The club also sponsors a Christmas party for the entire band and a picnic at the end of the year.

# rojan Chorus are ingredients of the Spring Concert

"Hey, look me over; hey, looky here!" Pastel formals and white jackets set the gay mood for another annual Spring Concert. This affair, in which the four-hundred-voice Trojan Chorus sings under the direction of Miss Dora Jane Ledgerwood, always draws large enthusiastic audiences for three consecutive evenings.

House lights grow dim. Hours of learning rehearsing, and polishing are forgotten as "D. J." whispers, "Make it sparkle"; and the concert, featuring sacred, secular, and popular music, begins.

# Library Club arranges attractive bulletin boards

**Members:** Berthamae Scott, Marion Foshee, Helen Standifer, June McWha, Mary Pyron, Suzanne Kempner.

*Work* is the byword of the Library Club. The members help in the library in every way imaginable. Cataloguing books, working behind the circulation desk, arranging bulletin boards, and typing book cards are but a few of their many chores.

These girls attended both the district and the state student librarian clinics this year. Many of the ideas they gained from these clinics are now being used in our library.

**Members:** Joan Deere, Bonnie Reynolds, Judy Powell, Judy Ford, Mike Cochran.

# Peppers boost school spirit

**Officers:** Margot Wylie, sergeant-at-arms; Virginia Holland, secretary; Cheryl Freeman, president; Ada Glenn, vice-president.

RECIPE FOR PEP

Take: 150 cheering voices
300 white-gloved hands
300 black-and-gold shakes
Add: Lots of enthusiasm
A pinch of peppy music

Mix well. The result will be one pep squad overflowing with school spirit — the Trojan Peppers.

**Members:** (front row) M. Wilson, J. Shaefer, D. Jackson, K. Dryden, M. Smith, S. Barron, D. Lambert, F. Ritchie, B. Botnik, D. Martar, J. Mullins, H. Riles, C. White, L. Cox; (second row) I. # T-Stepper routines sparkle

Half-asleep and half-dressed, the T-Steppers arrive at the football field to practice for football and basketball half-time shows.

Highlights of the year include marching in the Christmas and Miss Arkansas Parades, as well as performing the "Charleston." Applause furnishes the final payoff for months of hard work and early rising.

**"Boo-boop-bee-doo and away we go!"** The T-Steppers finish the Charleston at Ricks Field.

**Members:** (front row) Marty Etzkorn, Pat Clark, Emily Ann Smith, captain, Betsy Reader, co-captain, Janet Ann Brown, Kathy Jeffries; (second row) Tempa Poindexter, Sheila Lumpkin, Linda Burrow, Sue Ann Wright, Gaye Ricks, Sally Green, Betty Rose Woodcock, Patsy Tarvin.

# Cheerleaders encourage Trojans to "Go! Fight! Win!"

**Emily Ann Smith**
Captain

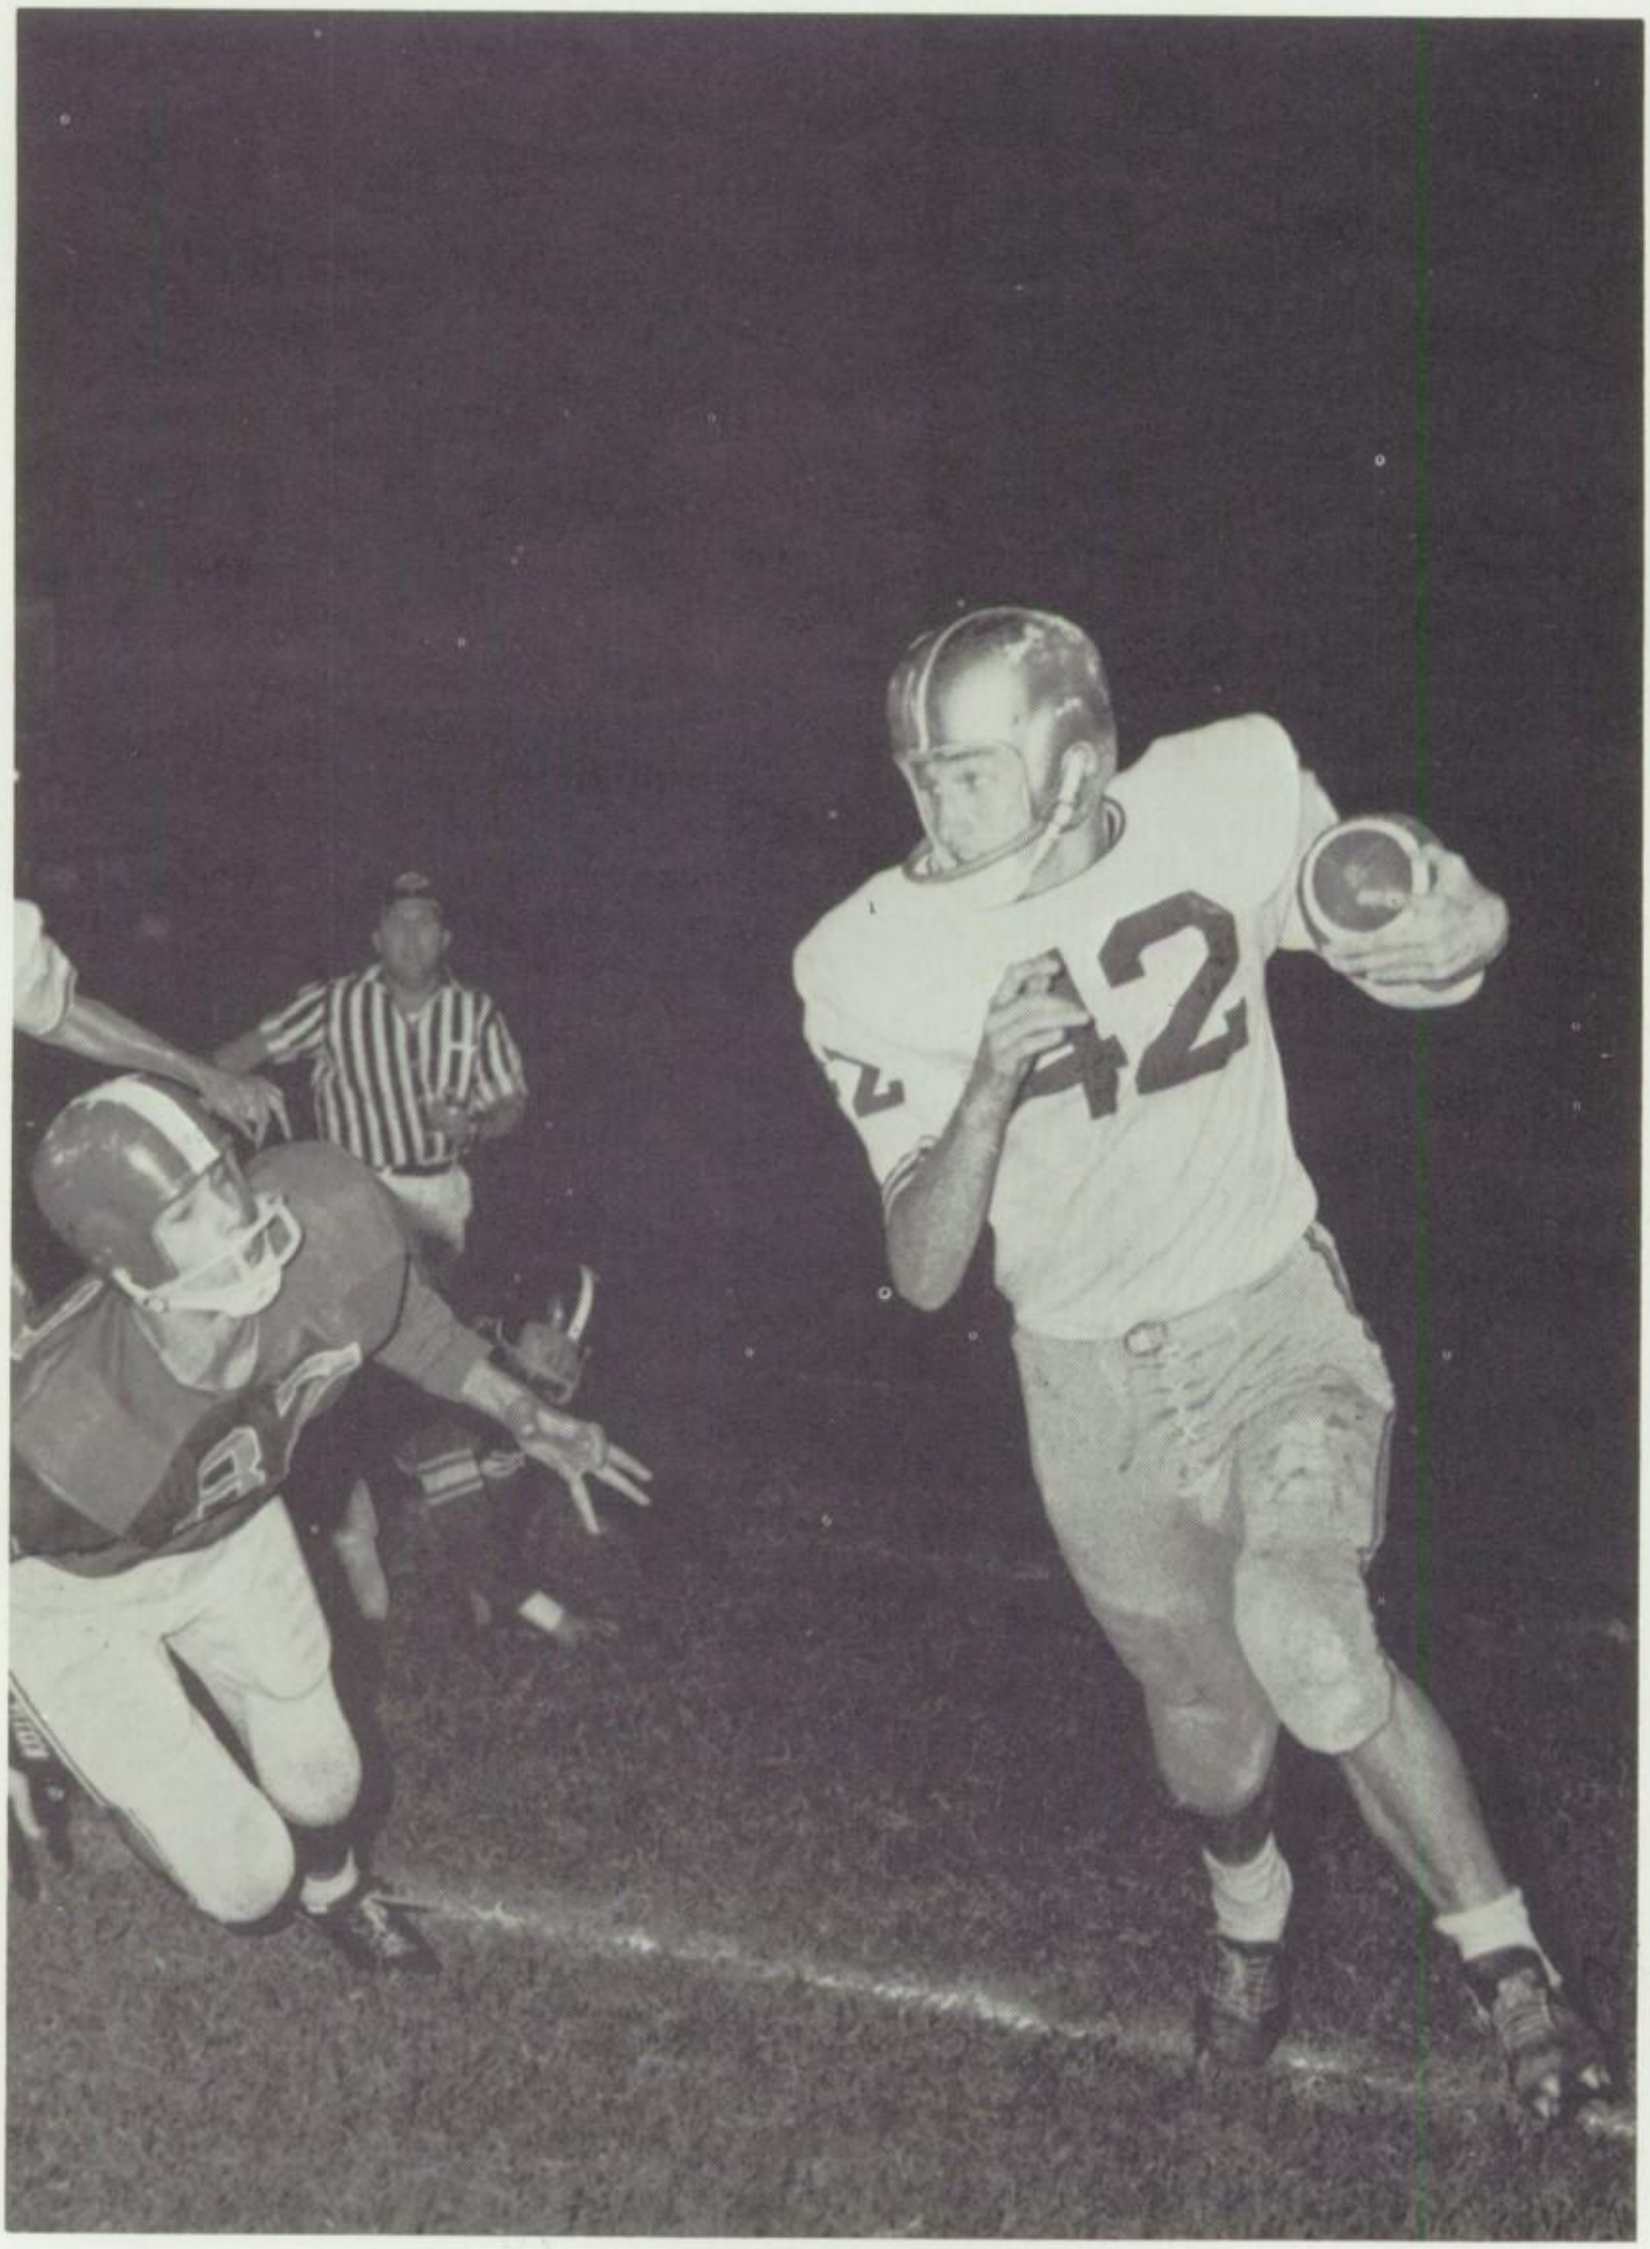
The well-known saying, "Behind every man there's a woman," is practiced by our cheerleaders. They arouse school spirit and boost the Trojans toward victory.

Cheerleaders work faithfully from spring to fall and to spring again, sponsoring cheerleading clinics, attending camp at Ole Miss, and leading cheers at games and in assemblies. This year's schedule was highlighted by a campout and a Christmas party.

**"Trojans Beat Hall!"** Sallye Greene and Patsy Tarvin's sign will give our team that extra ounce of pep.

**"Go! Trojans: Go!"** Cheerleaders boost spirit at football games.

# SPORTS



**Trojan Football Squad:** (front row) Pat Parker, Bill Walker, Don Crone, Joe Penor, Jim Davis, James Dodd, Paul Lynch, Ronnie Payton; (second row) David Schaefer, Paul Meeks, Jerry Pyron, Jerry Kinsey, Jerry Reynolds, Bill Elliott, Tony Meeks Ken Jones, Joe Rodgers; (third row) Jim Durham, Alan Janske, Buddy Wilson, Steve Storey, Tommy Hughes, Butch Davis, Charles Hughes, Roger Needham; (fourth row) Ricky Haness, Phil Jamison, Lloyd Clemmons, Roger Maddox, David Harper, Dick Bowers, John Beebe, Jim Milhollen, Tommy O'Neal.

The 1961 Trojan team turned in a record of 0-10-1. A total of 66 boys turned out to form our Trojan team.

In the game against Morrilton, James Dodd electrified the hometown crowd by scoring the first touchdown of the season. Bill Elliott's kick completed the drive. The Trojan eleven could not maintain the lead, and the Devil-Dogs pushed across a touchdown in the second half to tie the score.

The Trojans next met the Hall High Warriors on homegrounds, but the Warriors' running and passing proved too much as our Trojan team went down to a 28-6 defeat. The lone Trojan tally came on a 60-yard pass play from quarterback Jerry Pyron to halfback James Dodd.

Playing the third home game in a row, the Trojans met the Benton Panthers. The Panthers clawed out a 26-0 victory on the balanced running attack of their backfield.

Traveling to Little Rock to meet the Central High Tigers, the Trojans again received a defeat. By giving up the ball four times on their side of the 50-yard line, the Trogans conceded a 21-0 defeat.

Meeting the Texarkana Razorbacks at home, the Trojans tasted defeat for the fourth time. The Razorbacks scored 26 points before the Trojans could retaliate. The Trojans, however, completely dominated the second half as James Dodd scored a Trojan touchdown on a 70-yard run minutes before the closing of the first half. The North Little Rock Wildcats' defense proved too much for the Trojans as they managed to stop four scoring threats and hand the Trojans another defeat by a score of 20-0.

Traveling to Smackover to meet the Buckaroos in a non-conference game, the Trojans drew first blood with Ken Jones going the last four yards of a 64-yard drive, but from then on the Buckaroos took over and handed the Trojans another defeat.

The Blytheville Chicks proved to be the next villain for the Trojans. The Chicks' offense rolled up 34 points while its defense completely contained the Trojan attack.

The Trojans became the Fort Smith Grizzlies' twelfth victim in a row as they received a 27-0 defeat at the hands of the Big Nine Conference leaders.

In the second out-of-town game in a row the Trojans ran up against the El Dorado Wildcats. Here they met defeat by a score of 20-0.

The Trojans closed out the 1961 football season with a 27-13 loss at home against the Pine Bluff Zebras. The Zebras rolled up a 27-0 lead before the Trojans could find paydirt. The first Trojan touchdown came on a quarterback sneak by John Beebe. This climaxed a 61-yard drive. Beebe also added the point after touchdown. Minutes later James Dodd intercepted a Zebra pass and raced 55 yards to score the last Trojan touchdown of the season.

Our Trojan basketball team turned in a respectable 11-12 record in a season which could be considered one in which the main goal was to gain experience.

Traveling to Sheridan in the season's opener, the Trojans won an easy victory. The Trojans were sparked by John Beebe and Bill Walker, who scored 16 and 15 points respectively.

The Trojans next won a hard-fought game against Nashville. Bobby Herring, Beebe, and Walker tied for scoring honors.

Meeting the Arkadelphia Badgers, the Trojans, led by Walker's 25 points, were victorious again. In the second game the Trojans scored 86 points to beat the Badgers. Don Little and Herring combined to score half of the Trojans' points.

tim for our mighty Trojans. The scoring and play of Little and Walker enabled the Trojans to gain the victory. Playing the Panthers in a rematch, the Trojans proved their supremacy by defeating them again. Four Trojans scored in double figures.

Homecoming saw the Trojans defeat the Bauxite Miners. Our second string played most of the game with James Dodd gathering the most points.

In the first conference game the Trojans lost a heart-breaker to the Pine Bluff Zebras. Herring led the scoring on both teams with 24 points. The Trojans reversed the outcome in the rematch, as Walker and Beebe combined for 33 points to lead the Trojans.

Meeting the Fort Smith Grizzlies, the Trojans lost by a narrow margin. Herring and

Playing the Texarkana Razorbacks at home, the Trojans easily won. The scoring was led by Walker and Little. The Trojans made it two in a row over the Razorbacks with Henry Hill netting 15 points.

The Blytheville Chicks discovered the secret combination to beat the Trojans in a high-scoring game. Going to Blytheville later in the season, the Trojans were defeated again. Little was high-point man.

The North Little Rock Wildcats proved to be too much for the Trojans. Beebe and Little managed to keep the Trojans close during the first half. The Wildcats also managed to beat

The Trojans dropped two contests to the Big Nine Conference leaders, the Hall High Warriors, by a total of 9 points. Herring contributed 21 points in the first game, and four Trojans scored in the double figures in the second game.

Meeting the El Dorado Wildcats twice within one week, the Trojans lost both games. Walker was the high-point man in both.

The Little Rock Central Tigers defeated the Trojans in a hard-fought contest. The game was kept close by Walker as he dunked in 17 points. The Trojans got sweet revenge, however, in the rematch as they defeated Central for the first time in five years. Herring, Hill, and Walker scored 56 points between them in this victory in our last game of the season.

Do teachers play basketball? At Hot Springs High School they do! Central Junior High Faculty defeated Senior High Teachers 18-0 during the annual intramural benefit game for the March of Dimes. The women teachers acted as cheerleaders while both student bodies watched the excitement.

In other intramural activities, the girls' physical education classes held a basketball tournament. The fourth period class won.

# Track team knows that practice makes perfect

After the tension of football and basketball has worn off, the sports scene shifts to a cinder track where our Trojans compete for their laurels. Each day fifty boys go to Rix Field to attain perfection in the individual track events such as pole vaulting, broad jumping, the shot-put, sprints, relays, and many other events.

These hard-working Trojans will be able to display their skills in the nine meets which are scheduled for our track team. The season will come to a climax when the Trojans travel to Little Rock to compete in the state meet, where they will challenge outstanding high school athletes from all over the state of Arkansas.

# Golfers are champions for second consecutive year

This spring six Trojan golfers will overcome the hazards of trees, water holes, heavy rough and aggravating opponents on their hopeful journey toward capturing the Big 9 Golf Championship for the second straight year. Our chances for winning this honor again are excellent, because the two Trojan golfers who won it last year are returning as seniors.

The team will compete this year with such teams as Fort Smith, El Dorado, Little Rock, Texarkana and Arkadelphia. The season will close with the Big 9 Tournament.

# Friends

In future years our most poignant memories of our school years will be those of our classmates. It is they who share our joys and our sorrows; our laughter, sighs, and tears.

We study with them; we play with them; in short, we grow up with them. We develop acquaintance with many and warm, true, lasting friendships with a few.

When miles and years separate us, the memories we share with our classmates will be a common bond, holding us together across continents and seas.

# SENIORS

Memories are treasures, and we seniors have a wealth of them, which we have collected over a period of twelve years. We have many recollections of this year — of the silver tea, the prom, and, of course, graduation.

We won't soon forget the more meaningful of the year's events — the Candlelight Service, the National Honor Society initiation, the Easter assembly.

We will recall with gaiety the fun we had at pep rallies, football games, and the senior picnic; and with a touch of sadness, the memories of those wonderful "lasts" — last homecoming, last pep assembly, last football game, last club meetings.

And now, as we approach graduation, these memories return to us, and we are torn by conflicting emotions. We are reluctant to leave our friends and the good times we have had in the past, but the spirit of adventure within us calls to us to go out into the world and seek our futures. On May 25, we go to answer that call.

# JUNIORS

We juniors live in a world of our own. We no longer have the feeling of insignificance of sophomores and do not yet have the responsibility of the leaders in our school, the seniors.

With the honor of being Juniors come also obligations. Our class play and picnic show that we are willing to work. The seniors entrust us with the task of planning their Prom and Silver Tea. We show our dependability by active participation in such organizations as Student Council, Beta Club, Mu Alpha Theta, Bio Chem Phy, Trojan Band, Chorus, and many others which make us aware of our school life. Some of us are honored by being selected to attend Boys' State and Girls' State. Others are asked to join the National Honor Society.

The end of our journey is rapidly approaching and the happenings of this year are slowly sinking into the distance. But all will remain as mileposts on the "Road to Seniority."

**Junior Class officers:** Bill Walker, president, Jan Bryant, secretary, Joe Rodgers, treasurer, and Jim Davis, vice-president.

**Junior Class sponsors:** Coach Vandenburg, Mrs. Moenster, Mrs. Barron, and Mr. Webb.

**"Rah! Rah! Rah:"** scream excited Juniors as they cheer the Trojans on to victory.

**Sophomore Class officers:** Phil Jamison, president; Mauria Jackson, treasurer; Mike Thomas vice-president; and Diane Steigler, secretary.

# SOPHOMORES

**Sophomore Class sponsors:** Miss Warneke, Mrs. Wulff, Mrs. Hovell, Mrs. Buck.

Many years ago when someone took upon himself to name our class, he took the Greek words *sopho* (wise) and *moros* (foolish) and produced that useful term *sophomore.*

Although the upperclassmen often speak our name in a tone of frustration, they always maintain a certain reverence for this period in a person's life. No senior can escape the fact that he, too, passed through this state of confusion, better known as his sophomore year.

Many lasting memories will be retained by all of us. The Student Council election, the Beta Club convention, and the Candlelight Service are important among these. However, we can never forget the basketball and football games, climaxed by their homecoming festivities.

We regret to leave this adventurous episode in our lives; but with the coming of next September, we will undertake an entirely new adventure.

# Newcomers quickly become a part of HSHS school life

**"Sandi Milholen, this is Frank Lucy."** Lynn knows that Frank's always anxious to meet a new girl.

Jimmy gives Bill gavel, authority, and best wishes

(Begin cent; read clockwise.)

**There's quite a contrast** — Mrs. Housley is surprised, but poor Frank's just too sleepy to care.

**Pat and Cecilia** are the glamour girls of the group. The results are nice, though.

**Aha! The tables are turned!** Kathy and Cheryl get a taste of their own "medicine."

**"Oooh! you didn't!"** was the chief comment of the day while our shutter-bugs enjoyed a field day.

**Wherever you find our staff,** you also find food.

**Indexing the names of students** and making layouts are not easy jobs, but Carolyn and "Tootie" don't mind work.

**Work was the chief activity** — anytime, anywhere, and under any conditions. Johnnie and Carolyn "set up shop" on the steps while waiting for Mrs. Housley.

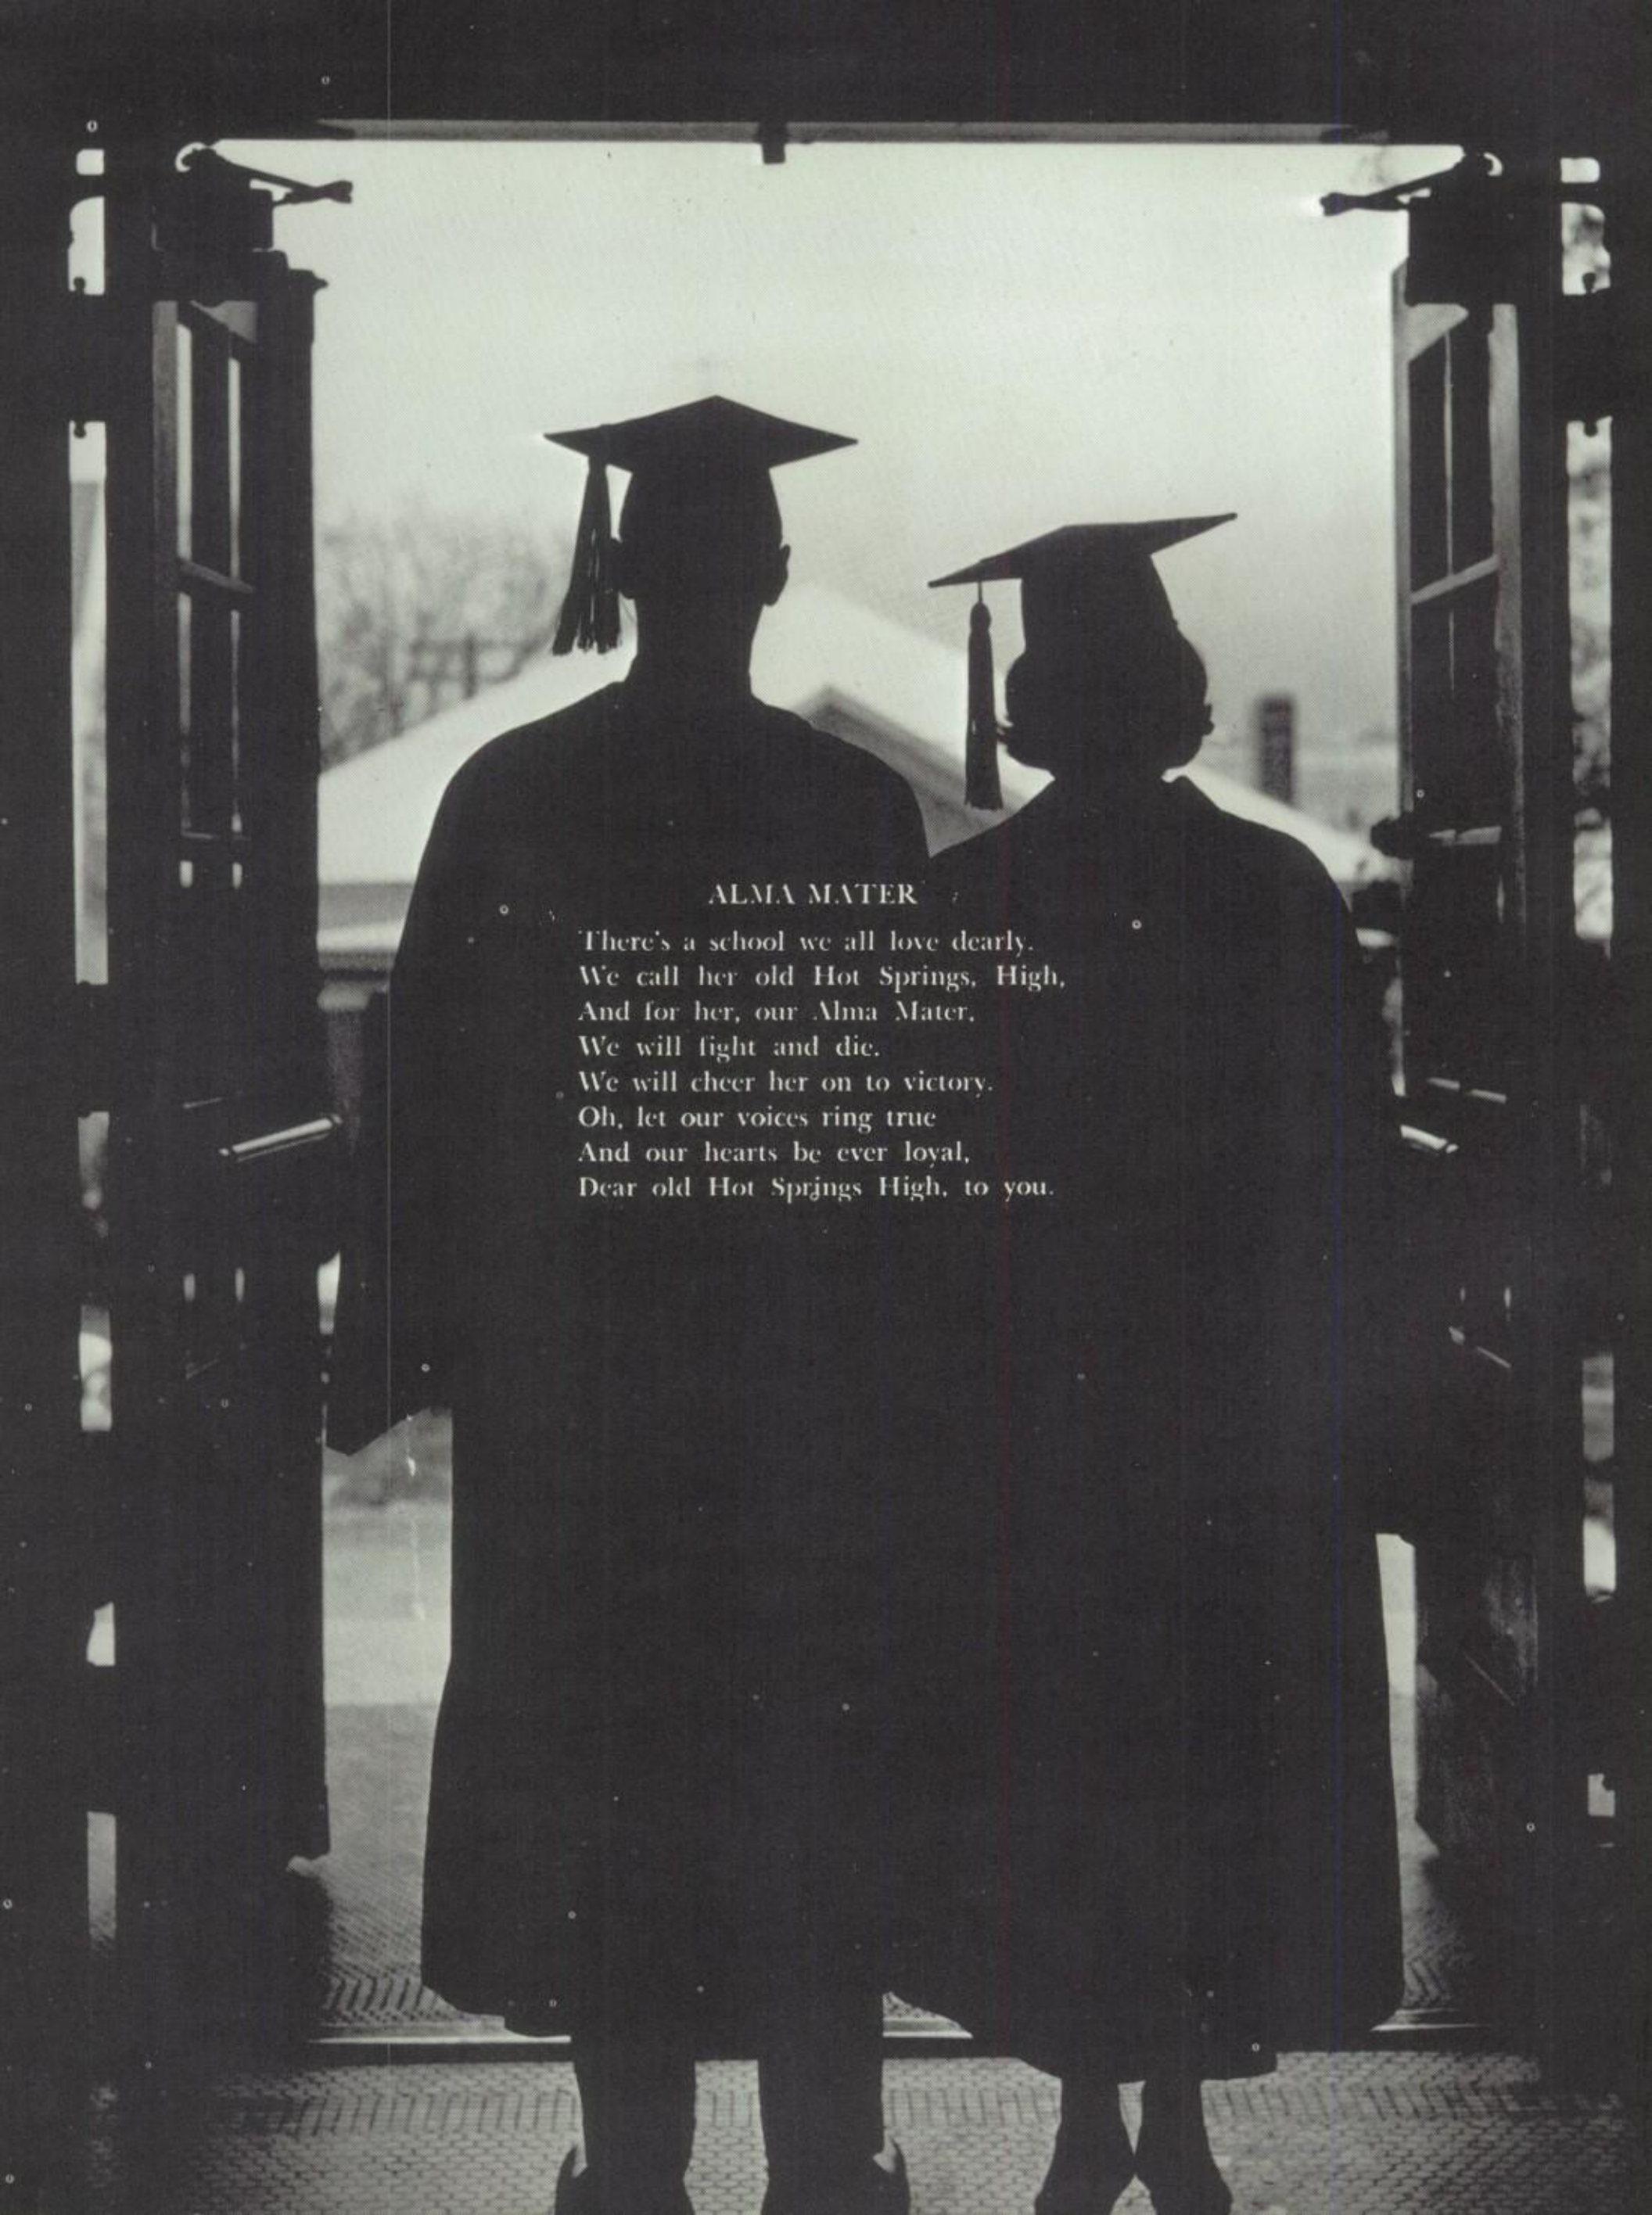
I want to thank every member of the *Old Gold Book* staff. This book couldn't have been completed without your contributing your part large or small. And each of you did your part well.

All of those week ends, afternoons, and nights we spent working together were also a lot of fun. As you look through this book, I know you will realize that the long, tedious hours were certainly worthwhile.

Well, staff, our book is completed now, but our memories will always be with us — worried, fatigued, sad, and happy memories of working together on the 1962 *Old Gold Book*.

Thank you!

Pat



ALMA MATER

There's a school we all love dearly.
We call her old Hot Springs, High,
And for her, our Alma Mater,
We will fight and die.
We will cheer her on to victory.
Oh, let our voices ring true
And our hearts be ever loyal,
Dear old Hot Springs High, to you.

# Trojan Spirit will live on in halls of HSHS

So we bring to a close another year at HSHS. The seniors of '62 are leaving now. They carry with them that Trojan spirit which was a part of them at HSHS. It will remain with them always. The seniors, juniors, and sophomores of tomorrow will find Trojan spirit in the halls of this school, and they will make it a part of themselves. They will carry on the Trojan tradition, and Trojan spirit will live on in the halls and hearts of Hot Springs High School.
